Strong financial condition with \$196 million of liquidity

Updated Fiscal 2024 outlook for Net Sales, EPS and Adjusted EBITDA

MOUNT HOREB, Wis., May 30, 2024 (GLOBE NEWSWIRE) -- Duluth Holdings Inc. (dba, Duluth Trading Company) ("Duluth Trading" or the "Company") (NASDAQ: DLTH), a lifestyle brand of men's and women's workwear, casual wear, outdoor apparel and accessories, today announced its financial results for the fiscal first quarter ended April 28, 2024.

Summary of the First Quarter Ended April 28, 2024

- Net sales of \$116.7 million compared to \$123.8 million in the prior year first quarter
- Quarter-end inventory composition healthy, down 5.9% compared to prior year first quarter
- Net loss of \$7.9 million and Adjusted EBITDA1 of \$1.8 million

Management Commentary

President and CEO, Sam Sato commented, "Despite some key quarter wins, we are not satisfied with our first quarter results which fell short of our internal expectations. Our top-line quarter performance, at a decline of 5.7%, was hampered by challenging traffic and a sub-par in-stock position following stronger than expected unit selling late in the fourth quarter. We took swift action to improve our in-stock position in core items, which improved throughout the quarter and into the second quarter to date.

On a lighter note, during the quarter we furthered our emotional connection and awareness with both existing and new customers with the launch of a successful underwear trade up event, which drove a store traffic increase of 50% on the day of the event with more than one third of the trade ups coming from women. We also launched our #showusyourbibs social media campaign which garnered tremendous buzz and supported continued growth in women's-only buyers." Sato concluded, "I am pleased with the progress we're making against our longer-term strategic initiatives. Our focus for 2024 remains on accelerating the operational improvements of the strategic roadmap, expanding our pipeline of new and innovative products, optimizing our marketing mix, improving gross profit margin rates, and controlling what we can control by prudently managing expenses and inventories."

Operating Results for the First Quarter Ended April 28, 2024

Net sales decreased 5.7% to \$116.7 million, compared to \$123.8 million in the same period a year ago. Direct to-consumer net sales decreased by 5.1% to \$75.4 million primarily driven by a decline in site visits compared to the prior year. Retail store net sales decreased by 6.8% to \$41.2 million due to slower store traffic, partially offset by strong conversion rates.

Gross profit decreased to \$61.6 million, or 52.8% of net sales, compared to \$65.7 million, or 53.0% of net sales, in the corresponding prior year period. While new product cost came in better than expected, we are seeing a delay in impact to gross margin rate as we sell through older, higher cost inventory.

Selling, general and administrative expenses increased 0.6% to \$70.6 million, compared to \$70.2 million in the same period a year ago. As a percentage of net sales, selling, general and administrative expenses deleveraged to 60.5%, compared to 56.7% in the corresponding prior year period mainly driven by higher fixed costs and depreciation from foundational strategic investments, partially offset by efficiencies across logistics and

the fulfillment center network.

Balance Sheet and Liquidity

The Company ended the quarter with \$6.8 million of cash and cash equivalents, net working capital of \$75.9 million, \$11.0 million outstanding on the Duluth Trading \$200 million revolving line of credit and \$195.8 million of liquidity.

Updated Fiscal 2024 Outlook

The Company is updating its fiscal 2024 outlook as follows:

- Net sales of approximately \$640 million
- Adjusted EBITDA1 of approximately \$39 million
- EPS of approximately (\$0.22) per diluted share
- Capital expenditures, inclusive of software hosting implementation costs, of approximately \$25 million

See Reconciliation of forecasted net income to forecasted EBITDA and forecasted EBITDA to forecasted Adjusted EBITDA in the accompanying financial tables.

Non-GAAP Measurements

Management believes that non-GAAP financial measures may be useful in certain instances to provide additional meaningful comparisons between current results and results in prior operating periods. Within this release, including the tables attached hereto, reference is made to adjusted earnings before interest, taxes, depreciation and amortization (EBITDA). See attached Table "Reconciliation of Net Loss to EBITDA and EBITDA to Adjusted EBITDA for the three months ended April 28, 2024, versus the three months ended April 30, 2023.

Adjusted EBITDA is a metric used by management and frequently used by the financial community, which provides insight into an organization's operating trends and facilitates comparisons between peer companies, since interest, taxes, depreciation and amortization can differ greatly between organizations as a result of differing capital structures and tax strategies. Adjusted EBITDA excludes certain items that are unusual in nature or not comparable from period to period.

The Company provides this information to investors to assist in comparisons of past, present and future operating results and to assist in highlighting the results of on-going operations. While the Company's management believes that non-GAAP measurements are useful supplemental information, such adjusted results are not intended to replace the Company's GAAP financial results and should be read in conjunction with those GAAP results.

Forward-Looking Statements

This press release includes "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. All statements, other than statements of historical facts included in this press release, including statements concerning Duluth Trading's plans, objectives, goals, beliefs, business strategies, future events, business conditions, its results of operations, financial position and its business outlook, business trends and certain other information herein, including statements under the heading "Updated Fiscal 2024 Outlook" are forward-looking statements.
